25X1A

Administrative Instruction  (Proposed Addition of Paragraph 8.d.(2))

In regard to the legality of the proposed addition, there is nothing in the Act or the Foreign Service Regulations on which any objection can be based. The essential element inherent here is "continuous service abroad," and no distinction is made between temporary duty and duty at the official permanent station. As long as the other factors are present, there is no reason why time spent at an authorized temporary duty station prior to reporting to a permanent duty station should not be credited toward service abroad for purposes of home leave.
